

APPRENTICESHIP OPPORTUNITIES BULLETIN March 2026

Gain Skills for Life this National Careers Week in Plymouth

National Careers Week is the perfect time to explore how apprenticeships can help you gain skills for life and take your next step into a rewarding career. Plymouth is a city full of opportunity, with exciting opportunities across sectors such as marine autonomy, defence, digital technologies, construction, health and social care, and the creative industries. Apprenticeships offer a direct pathway into these exciting areas, allowing you to earn while you learn and build real experience in industries shaping the city's future.

With Plymouth's ambition to become UK City of Culture 2029 and ongoing investment across the wider economy, there has never been a better moment to get involved. Apprenticeships are real jobs with high-quality training and nationally recognised qualifications, giving anyone aged 16+ the chance to start, change or progress their career. From Level 2 right up to degree level, there are opportunities to suit every starting point and every aspiration.

Whether you're leaving education, returning to work, changing direction, or simply looking for a practical route into a sector that inspires you, apprenticeships open the door. This bulletin brings together the latest live vacancies in and around Plymouth to help you take that positive next step and become part of the city's exciting journey.

In this edition, there are over 100 local vacancies that are directly linked to an employer, including:

- 13 in administration, business, and customer service
- two in automotive and mechanical
- four in childcare and early years
- 18 in construction and the built environment
- 22 in engineering, manufacturing and marine
- one in horticulture
- one in health and social care
- five in IT, digital and creative industries
- 24 in public services
- nine in tourism, hospitality, and retail
- three in warehousing and driving.

In addition to the vacancies advertised here, if you know an employer looking to take you on as an apprentice, we can connect you with a training provider to arrange the apprenticeship.
